Sir:

SECOND REQUEST FOR CORRECTED OFFICIAL FILING RECEIPT

Applicants hereby request that a corrected Official Filing Receipt be issued for the above-identified application.

Specifically, it is respectfully requested that the Official Filing Receipt shows that the above-identified application claims priority from U.S. Provisional Patent Application Serial No. 60/402,262, filed August 9, 2002, as indicated in the Preliminary Amendment filed October 10, 2003. A copy of the Preliminary Amendment is attached.

In support of the above request, a photocopy of the instant Official Filing Receipt is enclosed with the correction noted in red. Also enclosed is the first Request for Corrected Official Filing Receipt filed October 10, 2003 requesting same.

It is therefore respectfully requested that a corrected Official Filing Receipt be issued and officially entered into the case, which reflects the correction of the above-noted error.

Respectfully submitted,

STEVEN H. MARKOWITZ

Date Mailed: 10/31/2003

Receipt is acknowledged of this regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Title

Poly(trimethylene-ethylene ether) glycols

Preliminary Class

524

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Sir:

PRELIMINARY AMENDMENT

It is respectfully requested that the Examiner enter the amendments below prior to examining the above-identified application on its merits. Please amend the application as follows:

Amendments to the Specification begins on page 2 of this paper.
Remarks begin on page 3 of this paper.

IN THE SPECIFICATION:

At the beginning of the specification, before "FIELD OF THE INVENTION", please insert the following paragraph:

--This application relates to and claims priority benefits from U.S. Provisional Patent Application Serial No. 60/402,262, filed August 9, 2002.--

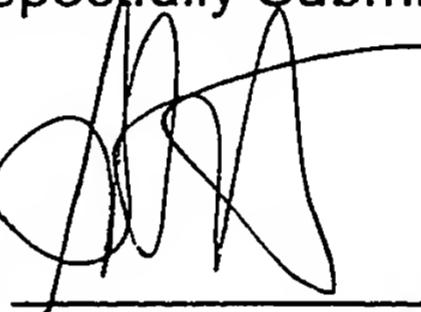

REMARKS

The specification has been amended pursuant to 37 CFR 1.78 to make specific reference, and claim priority to a provisional application. In this regard it is noted that the provisional application from which priority is being claimed, Provisional Patent Application Serial No. 60/402,262, was filed August 9, 2002. The present application was filed July 17, 2003. Since the present amendment is being filed within sixteen (16) months of the filing date of the provisional application, neither a petition, nor a surcharge under Rule 1.78 are deemed necessary.

Should there be a fee due which is not accounted for, please charge such fee to Deposit Account No. 04-1928 (E.I. du Pont de Nemours and Company).

Respectfully Submitted,

By:
